The proposed settlement *is* a bad idea, as it is not only a travesty of justice (how many millions of \$\$'s spent getting a guilty conviction, to settle for a wrist slap?), but basically tells Microsoft that they can do whatever they want, as there no rule of law, at least not one that applies to them.

And no, this is not a form letter, nor did I cut and paste any of it.

- - -

'What? In riddles?' said Gandalf. 'No! For I was talking aloud to myself. A habit of the old: they choose the wisest person present to speak to; the long explanations needed by the young are wearying.' - "Lord of the Rings", JRR Tolkien.
